

WHAT HAPPENS SPIRITUALLY TO THE IMAGE AND LIKENESS IN MAN DURING WATER BAPTISM?

(During water baptism we experience a physical death and burial in a watery grave as we go under the water during which God the Father removes the spirit of Adam which is the spirit of Satan in man and then a physical resurrection as we rise from under the water; receiving a new spirit and a new heart from God the Father and becoming sons of God in the flesh 1 John 3:1-3 and awaiting a resurrection from the dead at the return of Jesus Christ)
